A black and white photograph of a dense forest. In the foreground, a road or path is visible, covered with fallen leaves and debris. The road curves slightly to the right. The background is filled with a thick canopy of trees and foliage, with some light filtering through the leaves. The overall tone is somber and contemplative.

If there were no eyes, men could not see the  
difference between each other.  
Yet could they see beauty.

If there were no voices, there could be  
no harsh words.

If there were no hands, men could not hurt others.  
Yet neither could they feel silk, feathers,  
nor smooth stones.

If there were no feelings, there could be no hate.  
Yet neither could there be love.

On December 17 Willow Glenn High's annual Winter Holiday Dance was held. "Winter Enchantment" was this years theme and the music was provided by Rushmore. With the music and the fun, the dance proved to be a great way to start the holidays.

# Dad Daughter Dinner Dance

This years Dad Daughter Dinner Dance was held on February 16 from 6:30 p.m. to 10:00 p.m. in the Willow Glen Cafetorium. The theme of the dance was "The King and I". Flowers and candles decorated the tables as the girls and their dads dined. When the band was set up and the tables cleared away the dancing began.

There were three dance contests judged by the servers. Mary Sheppard and her dad won the slow dance. Michele Portman and her dad won the fast dance and Patty DiTullio and her uncle won the "jitterbug" contest.

The dance was sponsored by G.A.A. and the Parents Booster Club. The music was provided by Joe Tomasello and his Orchestra. The dance was termed one of the most successful in the history of this popular event, with about 200 people attending.

Coach Dave Frandsen

This year's C Basketball team lived up to its reputation by winning the S.T.A.L. championship with a 13 win-1 loss record. A mixture of maturity, intelligence, dedication, physical ability, and coaching were blended to produce a winning team. Led by guards M. Mendoza, J. Santamaria, and H. Rechenmacher, the offense was run intelligently and aggressively.

R. Bolden, C. Cabral, and M. Fitzpatrick hit the boards with intensity and ferocity.

Next season's team looks to be a winner with V. Saraniti, N. Mitchell, and G. Thompson forming the nucleus of another winning team.

Wrestling at Willow Glen High School took a step forward this year. Bright spots for the year were a tie 31-31 with the powerful Lincoln Lions a 4th place finish in the much improved S.T.A.L.... Two individuals represented Willow Glen at C.C.S. Kirk Maddux (29-4) took a 1st in the S.T.A.L. League Finals and was voted outstanding wrestler in the League. Oscar Dominguez took a 1st place, Chris Farotte a 2nd place, John O'Conner a 3rd and Jerry Santamaria and Joe Diaz took 4th place in league finals.

Willow Glen will lose eight outstanding wrestlers from this years team: Maddux, Dominguez, Farotte, Santamaria, Diaz, O'Conner. Kevin Wilson and Denny Loyst, with a combined record of 94-17, will be hard to replace. Returning next year are lettermen Willie Diaz, Kevin Hall, Brian Greig, Neil Koketsu, Dan Munoz and Dave Garcia. With the help from many outstanding J.V.s Willow Glen could improve beyond 76-77. Willow Glen was very fortunate this year in having three outstanding individuals help with the program. Rick Perez, Russ Salinas and Tom Bunnell all contributed time and effort to this years success.

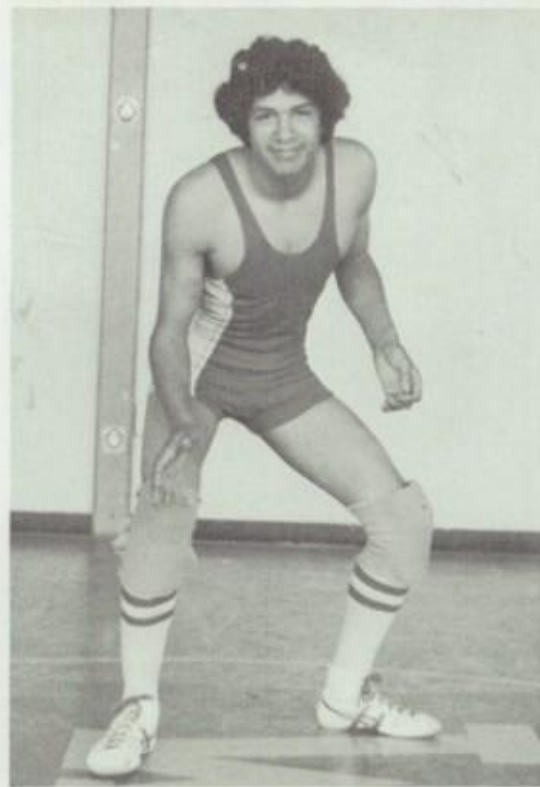

Sr. Chris Farotte, 105 Lbs, 2nd place in S.T.A.L. League Finals, 5th in Region III.

The Willow Glen Rams completed a very successful 1976-77 season. This was done despite key injuries before the season started to senior standouts Mark Riese and Steve Graven.

The Rams started out the season with two highlights. The first was setting a school record of 109 points against Andrew Hill. The second was their outstanding play in the Westmont tournament where they went to the finals before bowing to a fine Monta Vista team.

The Rams finished the season with a 15 wins and 8 losses.

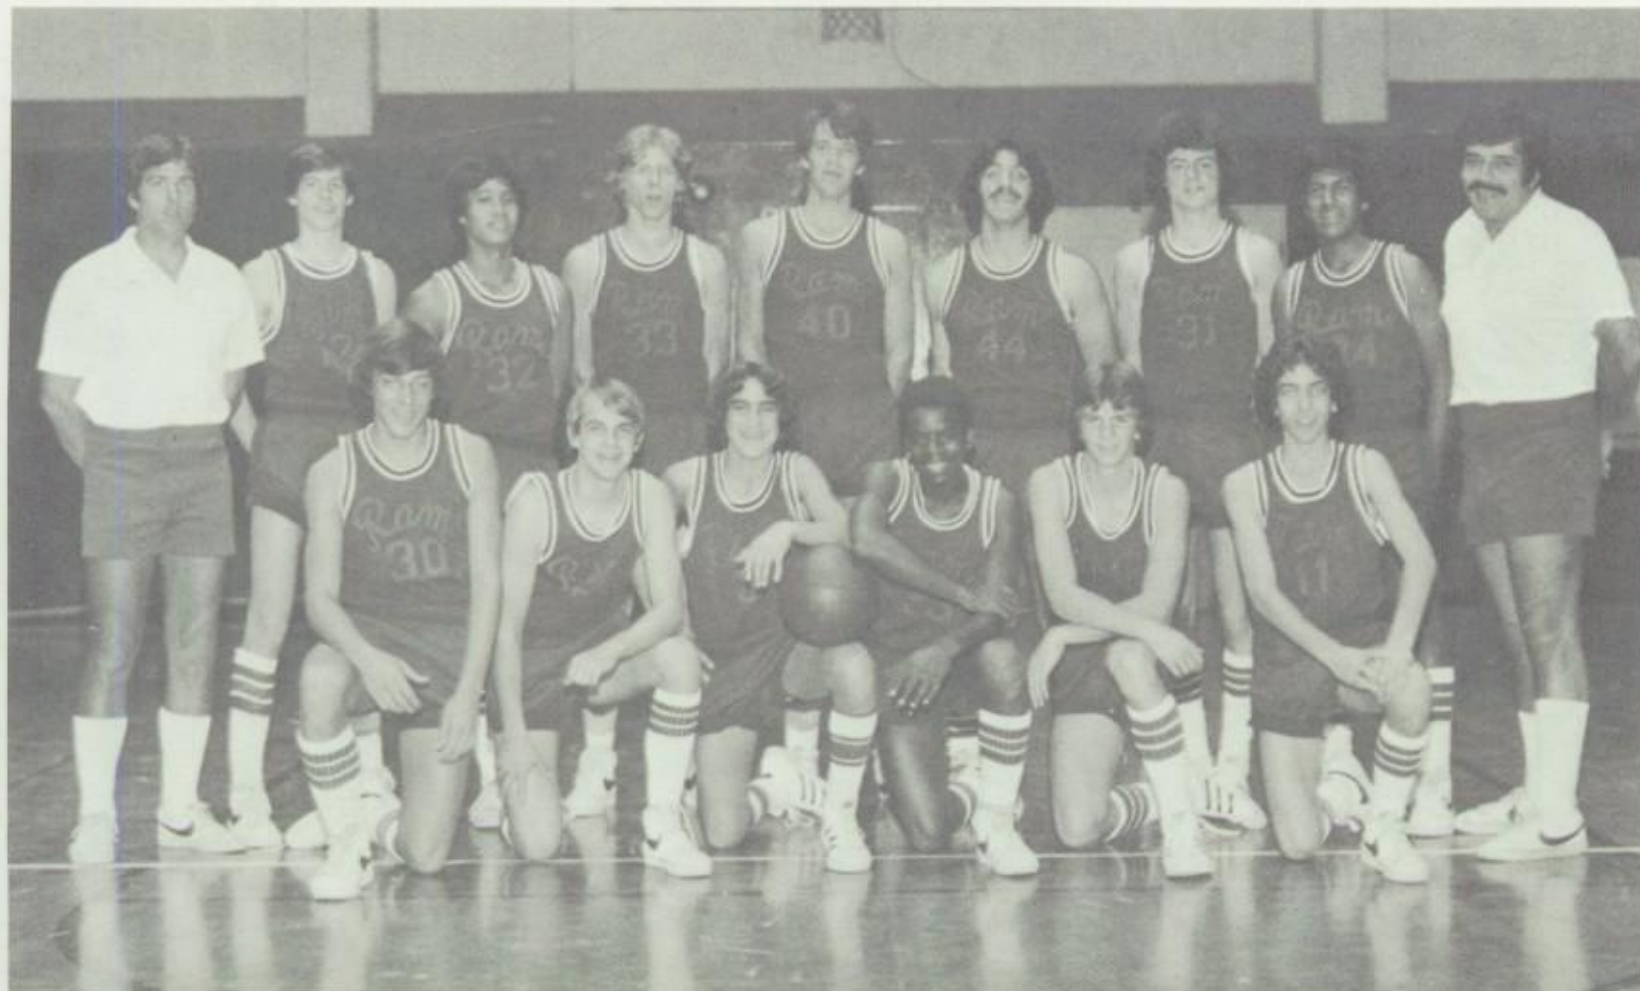

Leading scorers throughout the year were Mark Riese and Steve Graven. The Leading playmaker was Doug Stevens. Handling most of the rebounding chores were Greg Kellerman and Phil Bryson. Also Contributing greatly to the teams success was the outstanding bench play by Marty French, Dave Shuh, Randy Della, Gary Bryson, Doug Fletcher and Phil Doss.

This past year a new addition was bestowed upon the well deserving Willow Glen Students. It was a beautiful replica of the MONTREAL OLYMPICS swimming pool. The pool measuring 25 meters by 25 yards has 11 racing lanes and houses the most modern and advanced equipment. Construction for the pool took 9 long months and \$300,000.00. The students of Willow Glen High School should be honored to be a part of the most advanced swimming complex in the Santa Clara Valley.

I spent my first night  
today, with an early start and the nearly dead  
Single Day's Run. It's lunchtime & I've come 93 mi  
mark a Turning Point: for about 12 days before I got

The contrasts on this trip are kinda stupefying. Last night I had a fine road-side camp: concealed from the road, quite spacious view, sheltered from the wind. The threatening clouds parted away at sunset: & I had a fine evening of moonlight "wouldn't-trade-with-anybody" feelings. At 2 AM I woke to a sky full of very "puffy" cumulus. Smelling rain in the wind, I froze my thoroughly getting my tent up - took 45 minutes in the dark. Lying inside, imagining what it'd be like getting snowed out 2 or 3 days. (I was

at 6000' - didn't relish thoughts of a blizzard) Woke to a clear dawn sky - got out and rode 85+ miles. Up, then down - like a New Mexico highway. P.S. I crossed the Continental Divide at 0729 today. - Dave I'd broken camp south of Loving, N.M., and was riding on U.S. 285 when, just before sunrise, I was treated to one of the most beautiful sights a man can see in the wild places: six flocks of wild geese, hundreds of birds, lifting off Willow Lake and flying north, up the Pecos river. They were lost over the low hills. Whatever you've heard about Wild West Texas Winds was true on my ride to Pecos today: I was fighting crosswinds up to 4

mph: riding like this:

Tomorrow I'll head east, in hopes that the winds will blow me to San Antonio.

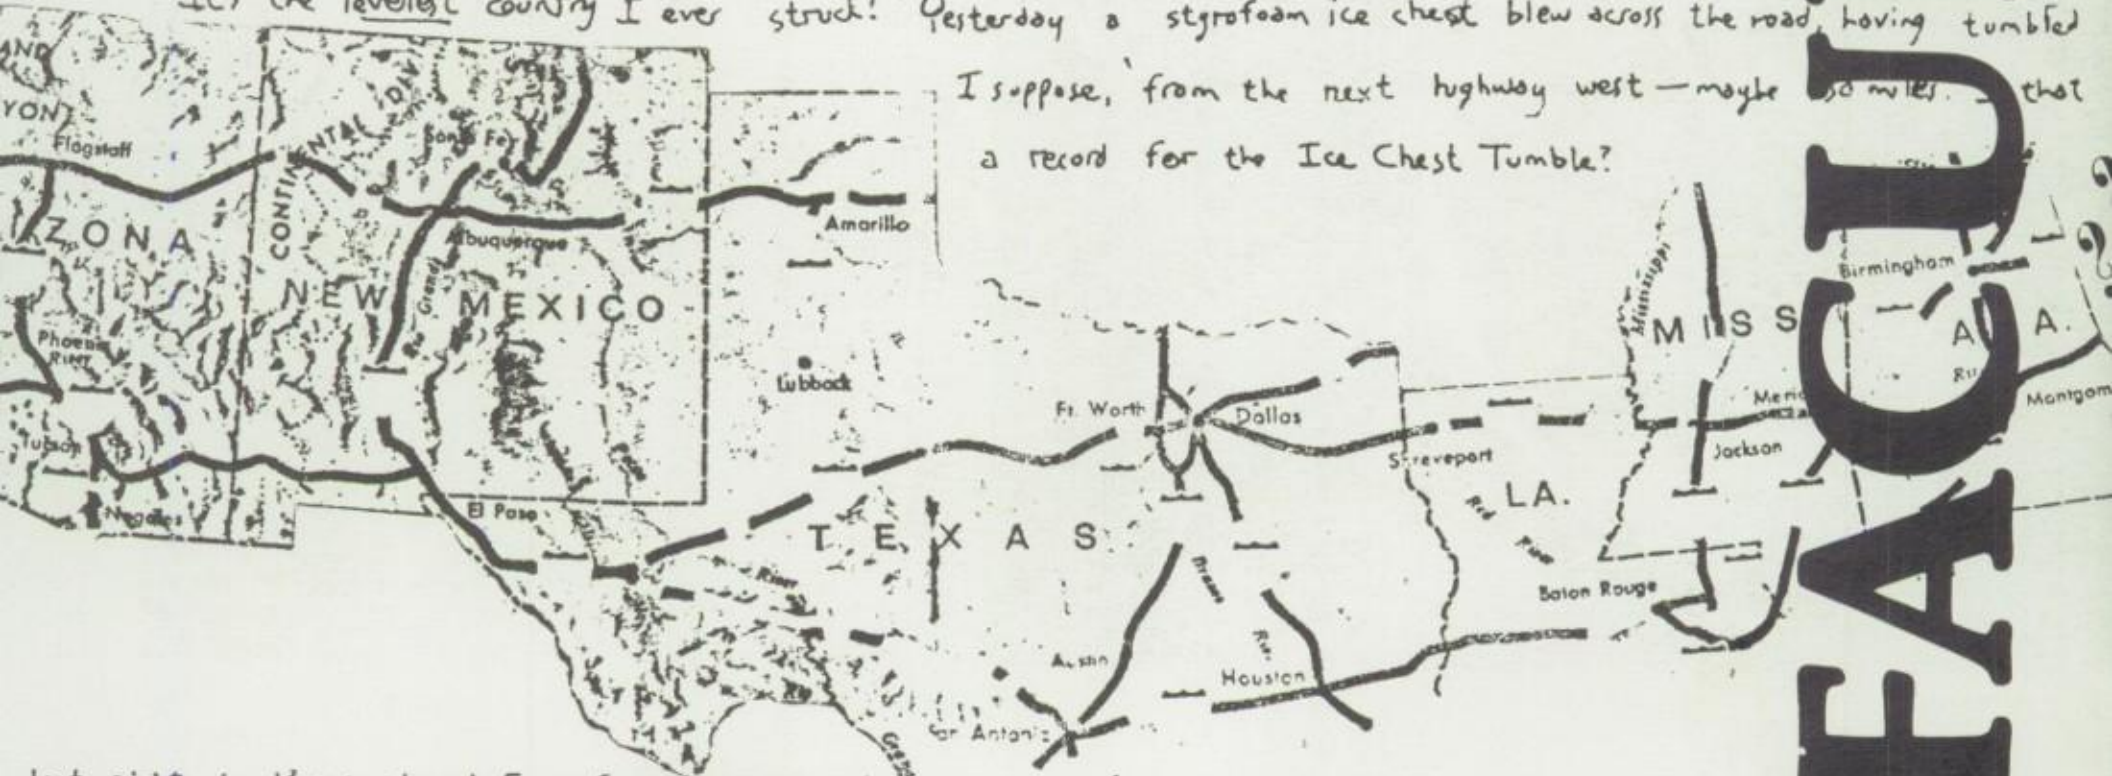

-Dave

Also, a successful (if unlikely) recipe: when cooked, you add a can of (get ready) pork & beans & chop a bit of onion in. a batch of wild rice, seasoned with cumin. I had compliments on it from passing Winnebago "campers". I call it "Highway 93 Surprise."

Twelve miles East of Menard, Texas - Route 29. 14 March 1977

Hey There - It's spring! I'd nearly forgotten! I've been in the desert since I crossed Walker Pass a month ago yesterday. But since I passed Eldorado yesterday there've been shade trees: live oaks. And before I reached Menard this morning, green grass, blooming fruit trees, and flowing creeks were serving notice that I'm in different country: the Texas Hill Country - I'm only 60 miles from the Pedernales. It's really nowell, laid-back country. I've been following Kce. 29 for about 100 miles, and have struck two small towns. Menard, the second one, is a bunch like Porterville - kind of crumbling, with lots of empty buildings, but with pretty buildings, tall valley oaks in the park. The old Frisco RR station is still there as a museum - the tracks are gone. (Remember my Sears belt buckle?) More towns ahead, now that I'm in wetter country: I'll go through Hext Grit, & Knockville on my way in to Mason. I hope to roll into San Antonio about noon on Wednesday - and I intend to stay & rest thru Sunday. These sustained bike efforts are a strain! Anyhow no tomorrow. If you ever come to the Pecos country to do landscapes, better bring a couple of barrels of hot sauce.

It's the levellest country I ever struck! Yesterday a styrofoam ice chest blew across the road, having tumbled I suppose, from the next highway west - maybe 100 miles. That's a record for the Ice Chest Tumble?

last night in Pecos - to get free of the wind and dust. and the wind at my back, I'm shooting for a Longest miles. My previous high was 133. El Paso seemed to be the road, the wind, the cold, and the loneliness seemed to be

-Dave Hanley  
(The Wild Geese)

The Class of 1977 is the twenty-seventh class to be graduated from Willow Glen High and brings the total number of graduates to well over 10,000. It is interesting to note that the parents of some members of the current class are included in the list of graduates, which is certainly testimony to the stability of the Willow Glen community. Most graduates have been highly successful in their chosen fields and point with pride to the school where they received their high school education. It is the sincere wish of the faculty and administration that the members of the Class of 1977 will have the same high degree of success in the future.

Thanks to the voters of San Jose, two major improvements have taken place in the physical facilities of our school during the 1976-1977 school year. The new swimming pool has been in use during the spring semester. This Fall, for the first time, we will have a girls' swimming team. The new pool will also make it possible for many more of our students to have swimming instruction. The second major physical improvement is the new media center, which is scheduled to open in September. Students will now have an adequate facility for research and study. Willow Glen's portion of the building will be 10,000 square feet, which is approximately two and one-half times as large as the existing library.

If you have taken advantage of the educational opportunities offered during the past three years, we know you are well prepared for your future endeavors, whether it be continuing your education or going to work. You have been an excellent class and we will miss you.

Best wishes,

Between Lincoln & Almaden

Among other things, IBM computers are helping scholars to find what the poet Shelley learned from the works of Milton—helping scientists to track the erratic flight paths of the whooping crane—helping historians to deduce precise shades of meaning in the Dead Sea Scrolls—helping astronomers get close-up pictures of the eerie face of Mars —and helping oceanographers, sailing the lonely reaches of the east tropic Pacific, determine the course of an equatorial undercurrent.

## TIME

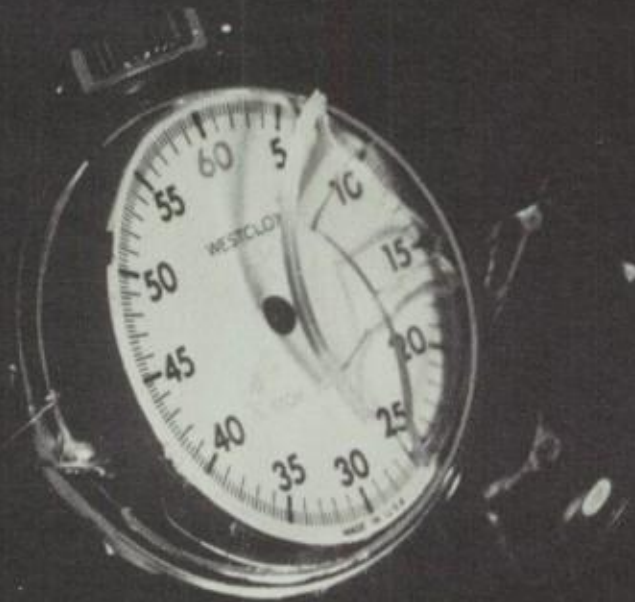

Ticking away the moments that make up a dull day  
You fritter and waste the hours in an off hand way  
Kicking around on a piece of ground in your home town  
Waiting for someone or something to show you the way

Tired of lying in the sunshine staying home to watch the rain  
You are young and life is long and there is time to kill today  
And then one day you find ten years have got behind you  
No one told you when to run, you missed the starting gun

And you run and you run to catch up with the sun, but it's sinking  
And racing around to come up behind you again  
The sun is the same in the relative way, but you're older  
And shorter of breath and one day closer to death

Every year is getting shorter, never seem to find the time  
Plans that either come to naught or half a page of scribbled lines  
Hanging on in quiet desperation is the English way  
The time is gone the song is over, thought I'd something more to say
